

Creating Value in a Changing World

with the Workday Enterprise
Management Cloud

Safe Harbor Statement

This presentation may contain forward-looking statements for which there are risks, uncertainties, and assumptions. Forward-looking statements may include any statements regarding strategies or plans for future operations; any statements concerning new features, enhancements or upgrades to our existing applications or plans for future applications; any projections of revenues, gross margins, earnings, or other financial items; and any statements of expectation or belief. Forward-looking statements are based only on currently available information and our current beliefs, expectations, and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy, and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements, and therefore you should not rely on any forward-looking statements that we may make. Further information on risks that could affect Workday's results is included in our filings with the Securities and Exchange Commission which are available on the Workday investor relations webpage: www.workday.com/company/investor_relations.php

Workday assumes no obligation for, and does not intend to update, any forward-looking statements. Any unreleased services, features, functionality or enhancements referenced in any Workday document, roadmap, blog, our website, press release or public statement that are not currently available are subject to change at Workday's discretion and may not be delivered as planned or at all.

Customers who purchase Workday services should make their purchase decisions based upon services, features, and functions that are currently available.

of Working

WHILE NAVIGATING THE CHANGING WORLD

**To stay competitive and be
successful, organizations must be**

highly adaptive

Address Your Toughest Business Challenges

Lack of confidence in data to drive impactful decision-making

Takes too long to plan, forecast and execute new strategies

Rising inflation and supply chain disruption

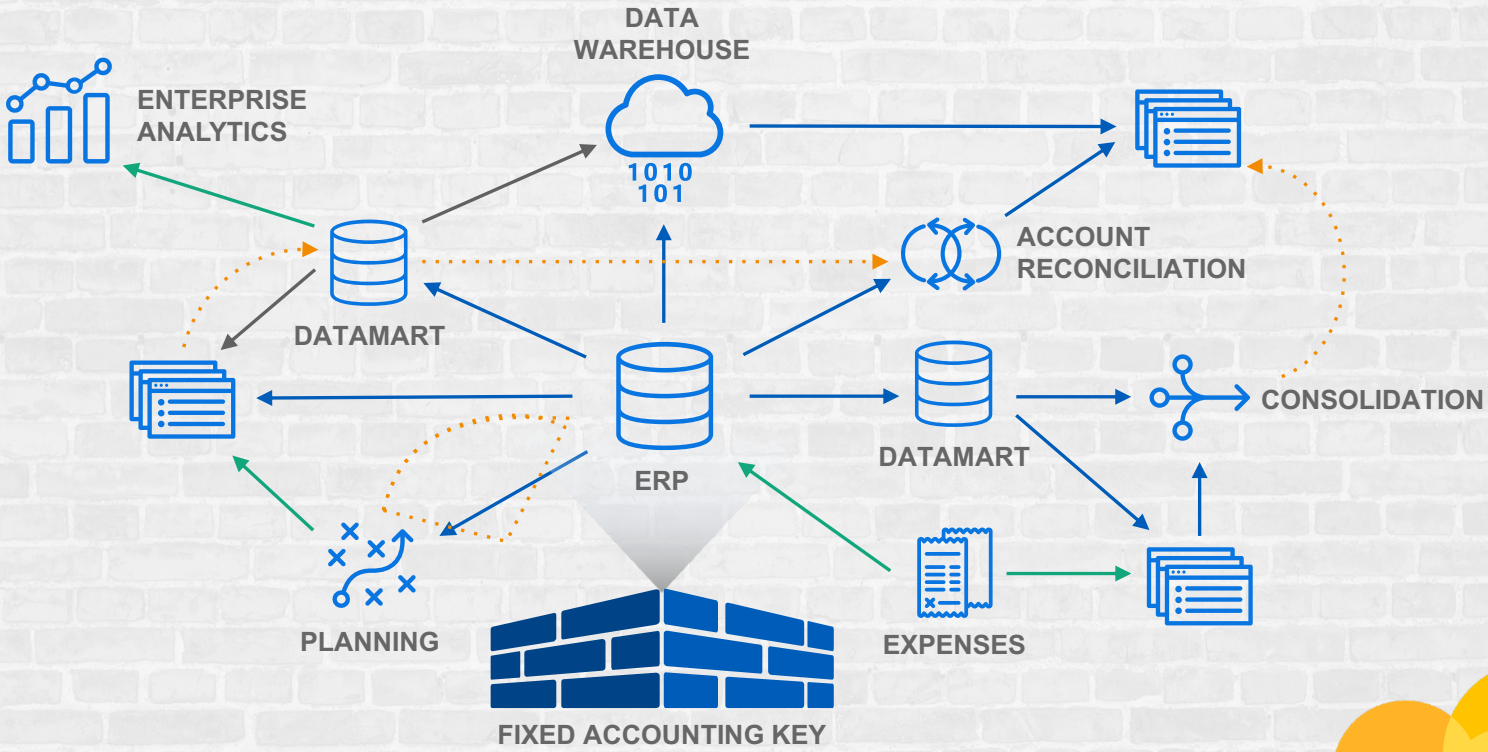

Slow and reactive response to changes in the business

Excessive time and cost spent transacting, closing and reporting

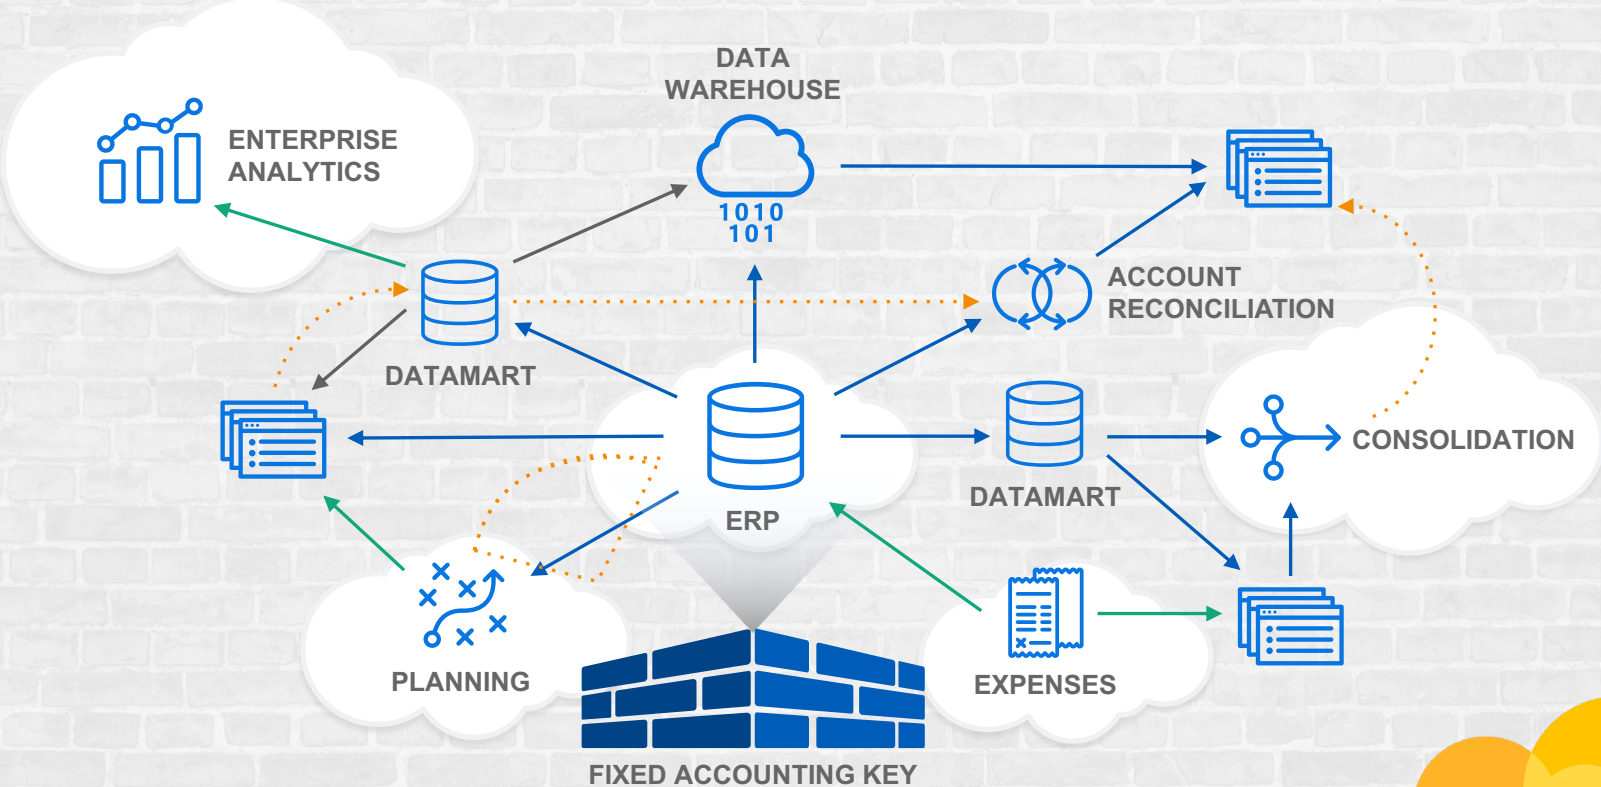

Rising costs and scarcity of digital talent

Pre-Cloud Era

Typical Cloud

Challenges

Slow and expensive to change

Complex and expensive to manage

Incomplete insight, delaying decisions

Excessive time spent transacting

Talent gap and attrition

Imagine a World Where Finance Has . . .
